## Hardwound Roll Towel Dry Tech 10"

The image may vary from the original packaging and has the sole purpose of presenting the product

Certifications and technology

DRY TECH

Dry Tech products are created using air. To add comfort, softness and absorption, air flows through the fibers and creates air pockets, increasing the paper's bulk – a process called Through-Air Drying. Dry Tech 10" Hardwound Roll hand towels offer increased wet and dry strength, unparalleled softness and added absorbency due to their unique production process.

### Technical data
