IS MORE

# WHAT FEATURES WOULD YOU EXPECT FROM FUTURISTIC DISPENSERS?

**...COMPATIBILITY?**

**...LESS REFILLING TIME?**

**...MORE HYGIENE?**

**...LESS SPACE REQUIRED?**

What if dispensers had all these features and were also compatible with any type of wiper roll? **This new line of dispensers is designed to meet the needs of every type of environment, allowing for improved hygiene and time and space savings with easy refilling and a compact design.**

**The real innovation is its compatibility with each type of roll.**

## **UNIVERSAL**

A unique dispenser you can refill with every type of wiper rolls. Without the use of levers, you can even use coreless wiper rolls.

## **EASY TO REFILL**

A smooth, durable, plastic casing, easy to maintain and keep clean and above all to refill, designed to optimize refilling operations, allowing for considerable time savings.

# **UNIVERSUS**

## **ANTIBACTERIAL & RECYCLED**

Made from high quality recycled and antibacterial plastic that helps reduce bacterial load and limit the spread of microorganisms in the environment.

## **COMPACT DESIGN**

A modern, compact design and structure: a small essential shape ideal for every environment that requires style and space-saving solutions.

A COMBINATION  
OF FUNCTIONALITY  
AND STYLE

The motion-activated dispenser provides a hands-free dispensing system to help improve hygiene and reduce consumption by dispensing measured amounts of paper.
